Justin Miller – Board President Makayla Simmons – Secretary Daniel B. Smith – General Manager

Dear AV Foothill Water Neighbors,

We experienced a water storage tank overflow this morning that impacted the easement on the Northside of our water storage tank site and on Chipmunk Road North to Wren Street.

- **The Cause:** A telemetry system error and a separate wiring issue caused the tank to overflow. Both issues are being actively resolved.
- **Current Status:** The overflow has stopped. Roads are muddy, but passable.
- **The Plan:** Heavy equipment is scheduled for tomorrow morning to restore the roads.
- **Action Needed:** You may experience minor traffic delays, heavy machinery noise, or temporary dust while our crew completes this maintenance. We kindly ask that you use caution, drive slowly, and give the equipment plenty of room to operate.

We apologize for any inconvenience this may cause and appreciate your cooperation as we work to improve our infrastructure. Please feel free to reach our office if you have any questions.

Best regards,

Daniel B. Smith

General Manager

Apple Valley Foothill CWD
